

What makes a bad friend?

Not everyone we meet will become a good friend.

But how do you know when someone is a bad friend?

They may talk about you behind your back.

They make fun of you.

They threaten you.

They make plans with you and then cancel them all the time.

This makes you feel like you can't trust them.

They don't do what they said they were going to do.

They don't listen to you.

They feel sorry for you.

They make you pay for them.

They borrow money and do not pay you back.

They don't respect you.

They never want to do things you want to do.

Do you have a friend who is making you feel bad?

It is best to say clearly that you do not want to be friends anymore.

Don't give up on making friends.
You will find good friends.
